Vacant Research Positions PhD

Department of Metallurgy & Materials Engineering (DMME), Application is invited against following positions as part of the project: "**Development of Porous Hollow Capsules with Multicomponent Shells for Biomedical Imaging and Treatment**", funded by National Research Program for Universities, Higher Education Commission (HEC) Pakistan. Applicant must explain in the cover letter how he/she is suitable for the position. Applications containing a cover letter and copies of NIC, relevant degrees/certificates must reach at **DMME office, P Block, Pakistan Institute of Engineering and Applied Sciences (PIEAS) before May 31, 2019.**

Detail of Applications

| Name of the Position and Remuneration | Number | Requirements | Job Description & Duration |
|--|---------------|--|--|
| PhD @ Rs 25,000 per month | 01 | <ul style="list-style-type: none">• MS Metallurgy & Materials Engineering• MS / MPhil Chemistry• Selected candidate will be required to register in PhD program at DMME / DChy, PIEAS. Already registered PhD students may also apply.• Any experience/ study related to nanoparticles research is highly preferred | PhD candidate will carry out research to develop hollow porous capsules for biomedical applications. (The funding will be available for 3years) |
