

MoU signed between PIEAS and EPTeck

A MoU was signed between PIEAS and EPTeck to establish and foster research collaborations in the areas of Electronics, Embedded Systems Development, and industrial automation. EPTeck is a company that provides a wide range of specialized services and innovative solutions to both local and foreign industrial sectors. Dr. Haroon-ur-Rasheed, Director Academics, Dr. Waqas Ahmed and Mr. Noman Khan from the Electrical Engineering Department attended the MOU signing ceremony, while Mr. Amir Zahoor (Co-founder & Director Business Development) graced the occasion along with Mr. Saleem Akhtar (Co-founder & Managing Operations) of EPTeck. Both sides showed their deep interest and commitment towards the successful implementation of the MoU. Speaking at the occasion, Mr. Amir Zahoor hoped that this MoU will bridge the gap between Industry and Academia and that this is just the first step in what will be a long and fruitful relationship between PIEAS and EPTeck.
