Dr Imtiaz Ahmed, an eminent scientist, obtained PhD in chemistry from the University of Manchester Institute of Science and Technology, UK. In addition to his excellent research contribution in chemistry, he played an important role in establishing the Global Change Impact Studies Center (GCISC) and worked as its first Project Director.

After giving commendable services on various senior positions in PAEC, currently he is serving as Director General, International Affairs & Training, at PAEC, Head Office, Islamabad. He is looking after commission's dealings with international organizations like IAEA, ICTP, WANO, etc., Disarmament and Safeguards issues, and International training.
