

Prof. Dr. Yusuf Usta Visits PIEAS

Prof. Dr. Yusuf Usta, Faculty of Engineering [Gazi Üniversitesi](#) Turkey and Deputy Director EKTAM visited PIEAS on August 3, 2022. During the visit, he met Rector PIEAS, Dean Engineering and interacted with faculty members from center of nanotechnology and department of metallurgy & materials engineering. He visited PIEAS labs and showed keen interest in the industrial projects carried out in those labs. He also gave a talk on "Powder Metallurgy" which provided an overview of the research projects carried out at EKTAM. Various modes of research collaboration between PIEAS, Gazi University and EKTAM were also discussed in the field of additive manufacturing and powder metallurgy.
